## BroadStar™ HERBICIDE

EPA Reg. No. 59639-128  
(Except California and New York)

### **BROADSTAR™ HERBICIDE FOR USE IN LANDSCAPE GROWN ORNAMENTAL SHRUBS, TREES, GROUND COVERS, NON-BEARING FRUIT AND NUT TREES AND VINES**

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**THIS LABELING MUST BE IN THE POSSESSION OF THE USER AT THE TIME OF APPLICATION.**

**READ THE LABEL AFFIXED TO THE CONTAINER FOR *BROADSTAR* HERBICIDE BEFORE APPLYING.**

**USE OF *BROADSTAR* HERBICIDE ACCORDING TO THIS LABELING IS SUBJECT TO THE USE PRECAUTIONS AND LIMITATIONS IMPOSED BY THE LABEL AFFIXED TO THE CONTAINER FOR *BROADSTAR* HERBICIDE.**

In residential and commercial landscape, *BroadStar* Herbicide should only be applied by commercial licensed applicators. *BroadStar* Herbicide applied at 150 lbs per acre (approximately 3.5 lbs per 1000 sq ft) is an effective herbicide treatment for control of the weeds listed in Table 4 Weeds Controlled, on the container label, when applied to established container, field or landscape grown shrubs, trees, Christmas trees, ground covers, non-bearing fruit and nut trees and vines. *BroadStar* Herbicide may also be applied at 150 lbs/A to maintain bare ground in non-crop areas in apartment complexes, gravel surfaces, ground mats, golf courses, office complexes, parks, parking areas, recreational sites, schools, sidewalks and other similar sites. Apply *BroadStar* Herbicide in these settings before weeds germinate.

**READ AND FOLLOW THE ENTIRE GENERAL INFORMATION SECTION OF THE CONTAINER LABEL BEFORE APPLYING.**

#### **Special Product Use Precautions for Landscape Application**

*BroadStar* Herbicide can cause contact injury to foliage of landscape ornamentals if applied over the top of new flush, and especially if foliage is wet. To maximize crop tolerance, apply *BroadStar* Herbicide to dormant or non-actively growing landscape plants and avoid application to new flush.

To minimize the potential for plant injury do not apply *BroadStar* Herbicide:

- To foliage that is wet due to rainfall, irrigation or dew.
- Over the top of ornamental plants not listed in Table 6 Trees including Christmas Trees, of the container label, until evaluating plant tolerance on a small number of plants grown under standard growing conditions.

- To plants whose leaves channel the herbicide granules to the leaf base.
- To plants grown from seed until at least one year after seed germination, unless tolerance is first confirmed on a small number of plants.
- To bedding plants or in areas where bedding plants will be planted or transplanted within three months following application.
- To recently transplanted ornamentals (including those on the list of tolerant ornamental species) until such plants have been actively growing for at least 6 weeks after transplanting, and have established a vigorous root system.

**PLEASE CONTACT VALENT U.S.A. CORPORATION AT 800-6-VALENT (682-5368) TO DETERMINE IF THIS USE IS REGISTERED IN YOUR STATE.**
