

Maximize Yield with Danitol® 2.4 EC Spray

Danitol® 2.4 EC Spray offers exceptional control of navel orangeworm in almonds and pistachios, as well as walnut husk fly in walnuts, to help growers maximize marketable yield. In addition, *Danitol* controls more than 15 other important tree nut insect pests, including leafrollers, stink bugs and fruitworms. *Danitol* has a short REI and is proven not to flare mites.

Danitol—Superior Navel Orangeworm Control in Almonds

Large Plot Navel Orangeworm Study, Kern County, CA
