

Valor® XLT—Broad Spectrum Residual Weed Control

Get proven control of tough weeds in soybeans with Valor® XLT Soybean Herbicide. With two modes of action for proven performance on a broad spectrum of weeds—like Palmer amaranth, waterhemp, marestail, common ragweed, giant ragweed and lambsquarters—*Valor* XLT provides up to six weeks of preemergence weed control in early preplant burndown and preemergence programs.

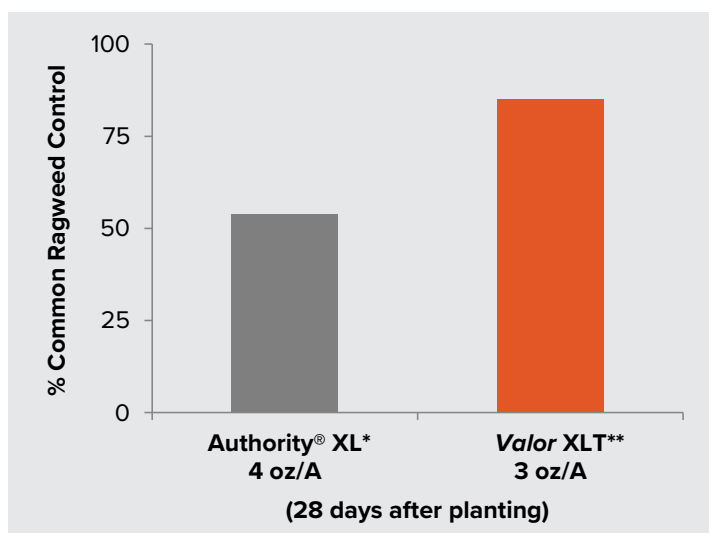

- ▶ Two modes of action for broad spectrum control
- ▶ Long-lasting residual for up to 6 weeks
- ▶ Effective, low use rate

Valor XLT Performance

Untreated

Valor XLT

*At 4 oz/A Authority XL use is part of a planned sequential application program.

**For optimal control of common ragweed, use *Valor* XLT at a rate of 4–5 oz/A.
