

New Botrytis Solution for the Highest Quality Fruit

Intuity™ Fungicide is a strobilurin fungicide (FRAC group 11) with a unique disease spectrum. Unlike other strobilurin chemistries, *Intuity* delivers strong preventive activity against Botrytis bunch rot in wine grapes and Botrytis gray mold in strawberries. Additionally, *Intuity* strengthens powdery mildew programs for wine grapes by providing consistent suppression on bunches and leaves. Its locally systemic activity delivers long-lasting residual control for optimal quality and yield.

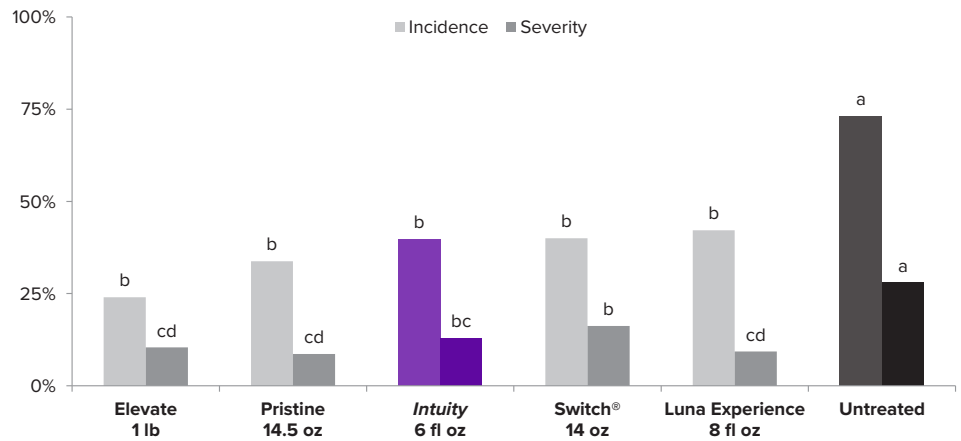

- ▶ Delivers preventive and residual Botrytis control
- ▶ Locally systemic and translaminar activity
- ▶ Strengthens powdery mildew programs by providing consistent suppression on bunches and leaves

In university trials, *Intuity* performed as well as grower standards in controlling Botrytis. In grapes, *Intuity* was effective at all bunch rot application timings.

Intuity—Excellent Tool for Preventing Botrytis Bunch Rot in Grapes

In multi-year research trials, *Intuity* delivered grape bunch rot control equivalent to Pristine®, Luna® Experience and Elevate®

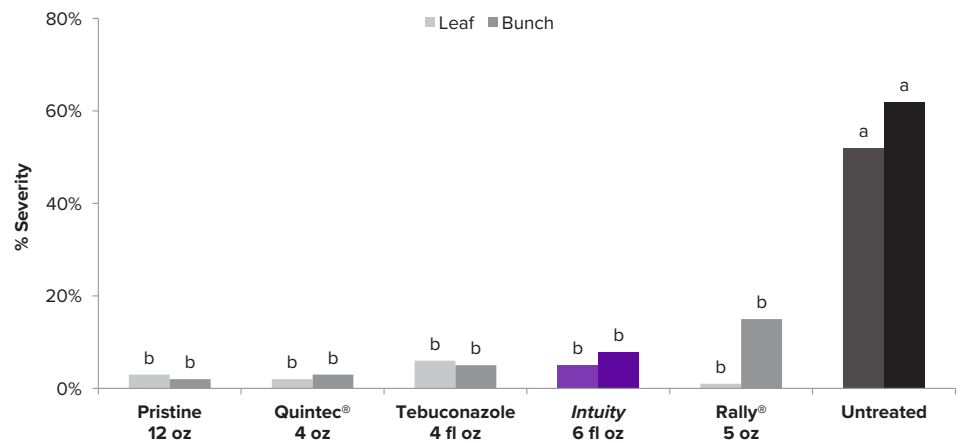

Note: Bars with the same letters are statistically equivalent

Intuity—Strengthens Powdery Mildew Management Programs for Grapes

In multi-year field evaluations, *Intuity* provided consistent suppression of powdery mildew on bunches and foliage

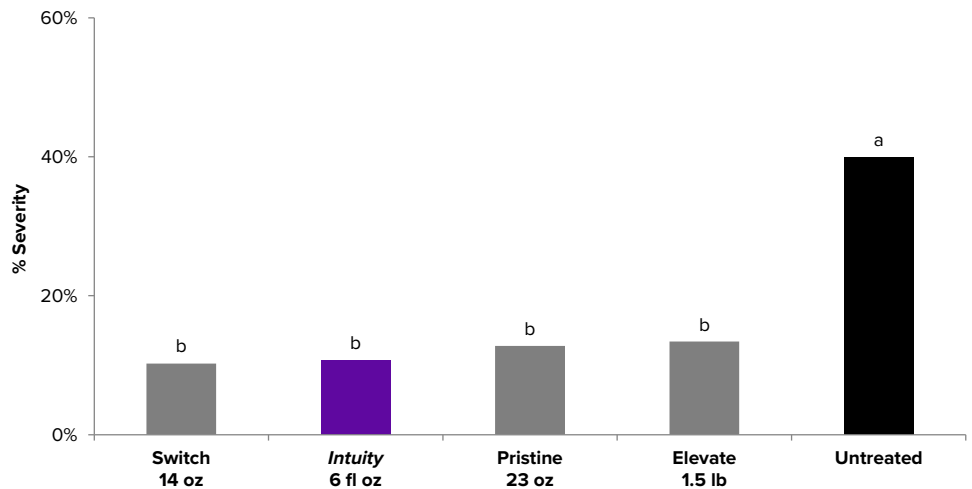

Note: Bars with the same letters are statistically equivalent

Intuity Provided Excellent Control of Botrytis Gray Mold in Strawberries

Intuity provided excellent control of gray mold in multi-year research trials, delivering performance equal to Elevate, Pristine and Switch®

Note: Bars with the same letters are statistically equivalent

How To Use

Rate	6 fl oz/A for grapes and strawberries	GPA	10 minimum (ground only)
Applications	No more than three applications per year on grapes (two maximum in strawberries)	PHI	10 days (grapes) 0 days (strawberries)
Crop Rotation Interval	4 months	REI	12 hours
		Signal Word	Caution

Intuity Tank Mix & Rotation Guidelines

- ▶ Intuity must be rotated with non-FRAC 11 fungicides
- ▶ Intuity must be tank mixed with a non-FRAC 11 product to add powdery mildew control

Intuity Botrytis Rotation Partners:	Intuity Powdery Mildew Tank Mix Partners:	Do Not Tank Mix or Rotate Intuity with:
Luna Experience (FRAC 3/7)	Quintec (13)	Abound®, Flint® or Sovran® (11)
Aprovia®, Fontelis®, Kenja® (7)	Mettle®, Procure®, Rally, Rhyme™, Rubigan®/Vintage®, tebuconazole (3)	Merivon®, Pristine (7/11)
Inspire Super® (3/9), Scala® or Vangard® (9)	Topsin® M (1)	Quadris Top® (3/11)
Switch (9/12)	Torino® (U6), Vivando® (U8)	Other FRAC 11 fungicides (including premixes containing FRAC 11 fungicides)
Elevate (17)	Sulfur (M2)	
Other non-FRAC 11 fungicides registered for bunch rot control	Other non-FRAC 11 fungicides registered for powdery mildew control
